

"I am never wrong! - or am I?"

The slide features a blue header with the text "Trading Insights" and a yellow toolbox icon labeled "Free! Share Market Toolbox". The main title is "Trading Insights 'I am never wrong! (or am I?)'" in a light blue box. Below this, the author is identified as "Robert Brain (Brainy's Share Market Toolbox)" with the date "October 2025". A quote from Robert Brain is accompanied by a small image of a wizard: "The share market can seem mystical and almost like black magic; but with the right support and assistance, it just seems like magic." To the right is a line graph showing market fluctuations. The footer includes a copyright notice: "© Copyright 2023-2025, Robert B. Brain, Brainy's Share Market Toolbox — www.robertbrain.com" and "Version 3".

About this presentation...

Some people spend a lot of time on seemingly non-critical tasks. Or they struggle with the notion that they are never wrong – perhaps because of their science or engineering background.

So this presentation shines a light on the personal issues like these, and it offers some reflection and some tips for addressing them.
