

Should I have bought this stock?

## Brainy's Share Market Toolbox

# Should I have bought this stock...? (in early October)

*This workshop session will test your  
technical analysis knowledge and ability.  
We will show a price chart (hiding recent price data),  
then seek your input, decide whether to buy,  
then reveal the stock and all recent price data.*

## The original version of this presentation...

... was compiled from research in early 2024 for my own personal curiosity, and then to share with the BullCharts User Group (BCUG). The information gathered was considered so important and interesting that we decided to share it with the ATAA audience in July 2024.

This was updated for another presentation in November 2025, to the ATAA and the BCUG.

The ATAA presentations were captured on video, and the recordings are available to ATAA members in the ATAA Resource Library.

# Should I have bought this stock?

## Introduction

### Should I have bought this ...?

- In this session we will show a price chart for a “security” (a stock, or ETF or whatever), with the last four weeks or so of price data hidden (from 6th October), and we will ask you this question:  
**“Should I have bought this stock?”**
- In the live delivery of this presentation, you will be invited to contribute:
  - Suggest a chart indicator to include;
  - Suggest time period: daily, weekly, monthly.

For traders and investors  
there are so many questions...

A key question if “should I be buying this stock?”

This presentation sets out to consider this dilemma.

Should I have bought this stock?

## Introduction

### About this presentation

The purpose of this session is:

- For you to test how good your stock-picking is; and
- To give you the opportunity to pick up some tips from others about technical analysis and stock picking.

On the next slide:

a chart of the stock we will be studying...

BTW – This presentation is based on a similar one that was delivered here a year ago, and included in the October 2024 edition of the ATAA Blast! newsletter. You can see it in the ATAA Resource Library archive.

## About this presentation

[see the slide]

Should I have bought this stock?

This is the stock that we will focus on in today's presentation.

This is a weekly candlestick chart, and we will not disclose which stock just yet.

Price data is shown up until 3rd October.

Look at the price chart closely, and think about whether we should have bought this stock.

Some of the features of this chart are shown in the comment boxes on the slide.
