

Should I have bought this stock...? (in early October)

This workshop session will test your technical analysis knowledge and ability. We will show a price chart (hiding recent price data), then seek your input, decide whether to buy, then reveal the stock and all recent price data.

Introduction

Should I have bought this ...?

- In this session we will show a price chart for a “security” (a stock, or ETF or whatever), with the last four weeks or so of price data hidden (from 6th October), and we will ask you this question:
“Should I have bought this stock?”
- In the live delivery of this presentation, you will be invited to contribute:
 - Suggest a chart indicator to include;
 - Suggest time period: daily, weekly, monthly.

Introduction

About this presentation

The purpose of this session is:

- For you to test how good your stock-picking is; and
- To give you the opportunity to pick up some tips from others about technical analysis and stock picking.

On the next slide:

a chart of the stock we will be studying...

BTW – This presentation is based on a similar one that was delivered here a year ago, and included in the October 2024 edition of the ATAA Blast! newsletter. You can see it in the ATAA Resource Library archive.

Introduction

This is the weekly chart we will study today. The security name/symbol is not disclosed. Price data until Friday 3 October is shown.
